# BUSINESS IS BUILT BY SERVICE

Last Saturday sixty farmers hauled cream to our factory, many got their checks before they went home. On Saturday June 30 we will have your check ready for you thirty minutes after your cream is weighed in. You can see it tested. Today if you sell dairy butter at any store you get 35c in trade for the best. Isn't it better to sell us butter fat at 40c and save you and your wife the labor?
